MORE TROOPS FOR MEXICAN BORDER

The Twenty-second Infantry and Third Cavalry to Go on Telegraphic Orders.

[By Associated Press.]
Washington, Feb. 24.—As the result of a conference at the White House today of President Taft, Secretary of War Stimson and Acting Secretary of State Wilson, additional troops will be dispatched to the Mexican border to safeguard Americans and enforce the neutrality laws.

San Antonio, Texas, Feb. 24.—The Twenty-second Infantry and part of the Third Cavalry here have been ordered to be ready to move on telegraphic orders.

An additional regiment of Infantry and a battalion of field artillery have been ordered by the war department to El Paso. The troops will be under order to prevent crossing the line into El Paso, in case of fighting in Juarez, as now seems probable.

American troops will cross the border whenever necessary to stop firing into American territory.

In case of firing across the border line in future American commanders have been instructed to send the usual notice that American lives and property shall not be endangered. If the notice be not heeded the troops are directed not to hesitate to go into Mexican territory. The policy is the most drastic yet adopted with reference to Mexico.

SENOR GOMEZ WIRES MADERO

Asks the President to Resign So as to Stop the Revolution.

[By Associated Press.]
San Antonio, Texas, Feb. 24.—Vasquez Gomez this morning wired President Madero asking him to surrender the presidency of Mexico and prevent further bloodshed and growth of the revolutionary movement.

Senor Gomez in his telegram calls attention to the fact that only part of the state of Morelos was in rebellion when Madero became president and declares that the government's action since has extended it. He says that the return of peace is impossible under present conditions, and declares he believes it his duty to "invite Madero in name of the country to return to the revolution the power which it gave you."

ITALIAN WARSHIPS BOMBARDING BEIRUT

People of City Panic Stricken—Americans and American Institutions Uninjured.

[By Associated Press.]
London, Feb. 24.—Three Italian warships are bombarding Beirut, the principal seaport of the Turkish province of Syria on the Mediterranean sea, according to a dispatch received here this morning. There is a panic among the inhabitants of the city.

Beirut, Feb. 24.—In the bombardment this morning none of the American institutions in the city were injured by explosion of shells, and professors, students and missionaries are all safe. The extent of the damage to the city is not known.

The bombardment sank a number of small Turkish gunboats. The customhouse is badly damaged.

Sixty persons were killed and a large number wounded in the bombardment of the city by Italian warships today.

ARGUMENT OF SNEED CASE CONTINUED

Will Probably Go to Jury Late Tonight—Much Interest in Judge's Charge—Defendant's Own Testimony Best Speech in His Behalf.

[By Associated Press.]
Fort Worth, Texas, Feb. 24.—It is not probable that the Sneed case will go to the jury before late tonight, a night session being necessary to conclude Attorney Hanger's argument. Attorney Hendricks of the prosecution and his law partner concluded their arguments this morning.

It is said that the defendant's own testimony was a better speech in his behalf than all the eloquence of Cone Johnson and others.

W. P. McLean, Jr., began the argument for the defense when a recess was taken at noon.

There is much interest in the judge's charge to the jury, embracing twenty typewritten pages.

BRYAN, TEXAS

ANNOUNCEMENT.

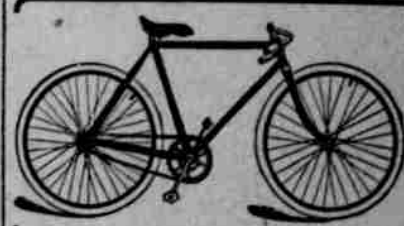

I wish to announce to the people of Bryan and vicinity, regardless the report circulated by traveling piano peddlers, that I have come to Bryan for the whole-soul purpose of establishing a high-class piano house, carrying therein a high grade of pianos and a line of small instruments and sheet music of the latest publications. And if this statement is doubted, it may be ascertained that I have contracted for a building to be erected and completed May 1, 1912, at which time you will be able to find as complete stock as in any city. I wish furthermore to state that I am not a new beginner in this line of business, but with more than twenty-five years experience, and I do not intend to handle a line of goods for the purpose of selling only, but to handle a line of goods that will satisfy the customer. The former being the average piano handled by the traveling peddlers who travel through the country, delivering to you a nice-looking box with an inferior inside equipment. Believe me, I have come here to stay, regardless of what they might say. If you are in need of a piano it will pay you to see me, as I can and will deliver you an instrument at from 25 to 30 per cent less than the piano peddlers, and one that will give you perfect satisfaction or it is not yours. Respectfully yours,
D. W. MAURER.

Why not Use Beaver Board

In the construction of your new home? It makes the finest interior finish of any material obtainable. It is nailed directly to the studding; makes a cold proof and a heat proof wall; saves both shiplap and wall paper; and can be finished in any color desired. Comes in slabs of various sizes; the size mostly used is 4x8 feet. Call at our store and see how we have used it in the construction of some furniture rooms. Let us show you how you can make your home comfortable as well as attractive, and explain the many ways you can use Beaver Board in beautifying your home at a small expense. Beaver Board is just the thing to finish up the attic; makes an attic comfortable when it would otherwise be hot in summer and cold in winter; just what is needed to make a handsome bath room; excellent sanitary finish for the kitchen walls; In fact its usages in home building are many.
